Blacksmith Freight Services LTD

Blacksmith Freight Services Limited specialises in transporting vast amounts of freight consignments all over the globe by air, sea and road. The company is a strong competitor within the international transportation and logistics market. As a result of its expansion total UK coverage now exists, with offices situated in Manchester and London. Blacksmith Freight is a full trading member of the British International Freight Association (BIFA). Electronically linked to H.M. Customs and Excise, they are able to expedite customs clearance on import consignments at our depots and at all other major UK ports and airports. With their large network of agents, they can arrange deliveries to almost any location and ensure a high level of service to all our clients' shipments. Blacksmith's main aims have been to provide a unique personal service and a greater level of flexibility than traditionally found by some of the larger freight forwarders.
