

# Monetise your peer-to-peer network.

Joining the Ambassador Programme at Cardinal means you get to earn from the connections you've made and create sustainable income through quarterly commission payments.

## How it works

-  **You identify leads** we can provide a service to.
-  **You work alongside our experts** to convert these leads into business.
-  **We manage the relationship** once your contact has been onboarded.
-  **You're free to continue your relationship**, or chase new wins.

## How you win

-  **Support your contacts supply chain** by saving them money.
-  **Earn 20% commission in year one**, with 5% step-down each year after.
-  **Build sustainable passive income**, paid every quarter by Cardinal.
-  **Be your own boss** - our ops team handles the admin.

By working with us, you're working with the largest employee-owned logistics business in the world, stretching over five continents, with more than 45 offices internationally.

Speak with the Ambassador Programme team today and see how you could help shape our future on [joshua.snelson@cardinalgl.com](mailto:joshua.snelson@cardinalgl.com).
